A Professional Learning Day Exploring How Educators Can Build Learning That Keeps Pace With A Changing World.

EduFest WA Perth has been designed for educators ready to explore fresh ideas, develop their skills and create learning experiences that inspire and engage today's students, preparing them with the capabilities they need to thrive in an ever changing future. Across the day, attendees will hear from leading voices in education, unpack the changing needs of the next generation of learner and explore practical strategies to bring innovative yet impactful learning experiences to life in a school community, including how to leverage digital tools, foster industry connections and leverage innovative approaches to learning design.

From keynote conversations and educator panels through to masterclasses, networking and a hands-on design sprint, the day is built to help attendees rethink learning, strengthen connections and leave with something tangible they can take back into their own context.
